

Cash Disbursal App for a Large Enterprise

Client Profile

- One of the world's leading Accountancy and Audit Firms
- Operations spread across 150 countries

Challenge

The organization required an efficient and automated solution to address its manually driven, error prone, time-consuming petty cash disbursal process having multiple levels of approvals in the organization's hierarchy.

Solution

With iLeap, the entire petty cash disbursal process was completely digitized. The custom App was replete with timely configured alerts, escalations and reminder notifications to all the stakeholders involved in the process (right from Initiator to the approving personnel) to act judiciously at various stages/levels of the entire process. Real-time transaction data was extracted from spreadsheets and made available for reviews and approvals. Relevant process reports were generated offering quick insights on status of requests and approvals on-the-go.

Benefits

By the seamless automation of the entire Petty Cash Disbursal process, the customer was able to reap the following results:

ELIMINATION OF PAPERWORK

100% Paper-free process was achieved by implementing the Cash Disbursal App

PROCESS ACCELERATION

The stakeholders and other personnel involved in the approvals process were always notified about the progress thus accelerating the entire workflow.

INCREASED EFFICIENCY AND PRODUCTIVITY

The approvals cycles were much more speedier and efficient resulting in increased productivity and customer satisfaction.
